Rothwell House Hotel Rebranding Project

This was a successful project I worked on in which I developed a brand-new logo design with a new colour scheme. I redesigned, reproduced, and supplied everything from hotel room keys to signage and marketing materials. Also, I managed the hotel's social media platforms, increasing its authentic followers by 4k within 6 months and relaunched the website, www.rothwellhotel.co.uk

Spicy Lounge Restaurant Launch

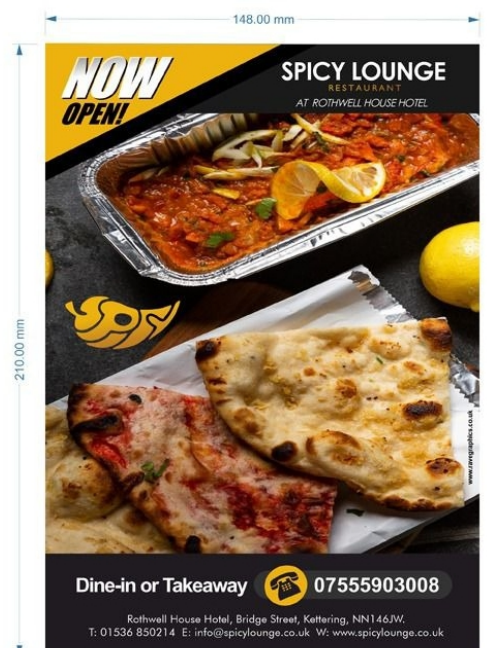

Launch of Rothwell House Hotel's restaurant "Spicy Lounge" was another successful project. The logo was designed and produced by me from scratch. I kept the colours consistent with the color scheme of the hotel. I designed, produced, and provided all marketing materials, including menus, flyers, banners, and more.
